Foundation Management Services

Andy Neillie did a great job presenting his material for our entire 80+ member management team. He was funny, engaging and his leadership content was very worthwhile. He did his homework on our firm ahead of time, even reading a book that I gave to all my managers at the meeting so that he could tie in his presentation to what they had just read. If you are looking for a speaker who is both practical and inspiring, I strongly recommend you consider Dr. Andy.
